

# UniCat Colloquium

[www.unicat.tu-berlin.de](http://www.unicat.tu-berlin.de)

Lecturer: **Prof. Dr. Alfons Baiker**, Department of Chemistry and Applied Biosciences, ETH Zürich

Title: **Catalysis on Chiral Surfaces**

Abstract: Various strategies are conceivable for imparting chirality to a catalyst surface, but only few of them have been successfully applied so far. In the talk I will discuss some fundamental aspects of chiral surfaces and illustrate how catalytic activity and chiral recognition can be successfully combined.

Date: **Wednesday, 10 March 2010**

Time: **5:15 pm - around 6:45 pm**

Location: **TU Berlin  
Institute of Chemistry, Building C  
Straße des 17. Juni 115, 10623 Berlin  
room C 243**

Organiser: Prof. Dr. Matthias Driess (TUB)

Coffee and tea will be served thirty minutes prior to the lecture start.  
Guests are cordially invited to attend!

Prof. Dr. Matthias Driess, Chair of the Cluster of Excellence UniCat
