Mon, Oct 8th		Opening of the Gerhard Ertl Center	TU Berlin <i>Building C / BEL</i>
	14:00	Prof. Dr.-Ing. Jörg Steinbach (President of the TU Berlin), Dr. Knut Nevermann (State Secretary for Science, Berlin Senate): <i>Welcome addresses</i> Prof. Matthias Driess (UniCat chair) <i>Introduction</i>	C 130
	14:20	• Prof. Gerhard Ertl (FHI) <i>Catalysis and surface science</i>	C 130
	15:05	• Prof. Matthias Driess (UniCat – TUB) <i>Unifying catalysis through chemical synthesis</i>	C 130
	15:50	Coffee Break	
	16:20	• Prof. Daniel G. Nocera (Harvard University) <i>The artificial leaf</i>	C 130
	17:05	• Prof. Karl O. Stetter (Universities Regensburg and California, LA) <i>Hyperthermophiles in the history of life</i>	C 130
	17:55	Walk away from the Department of Chemistry to the BEL Building	
	18:15	Inauguration of the Gerhard Ertl Center Followed by a reception and dinner	BEL
Tue, Oct 9th		UniCat's 3rd SAB Meeting	
	9:00	Matthias Driess <i>Introduction and Overview</i>	C 130
	9:10	• Raimund Horn (FHI): <i>Mechanistic thoughts on methane oxidative coupling (D1)</i>	C 130
	10:00	• Nedelijko Budisa (TUB): <i>Ribosomal synthesis as a route to small molecule diversity (D4 / E4)</i>	C 130
	10:50	Coffee Break	
	11:20	• Arne Thomas (TUB): <i>Chemical activation of carbon oxides (D2)</i>	C 130
	12:10	• Holger Dobbek (HUB): <i>Biological transformations of carbon oxides (E2)</i>	C 130
	13:00	Lunch Break with SAB (Executive Board, hosts, today's lecturers)	
	14:20	• Kallol Ray (HUB): <i>Chemical activation of dihydrogen, dioxygen, water and hydrogen peroxide (D3)</i>	C 130
	15:10	• Oliver Lenz (HUB): <i>Biological activation of dihydrogen, dioxygen, water and hydrogen peroxide (E3)</i>	C 130
	16:00	Poster session <i>with small snacks and drinks</i>	
	18:00	End of the poster session	
	19:00	Dinner with SAB (Executive Board, hosts) at "Restaurant Mar y Sol" Savignyplatz 5	
Wed, Oct 10th		UniCat's 3rd SAB Meeting
