

UniCat Colloquium

Please note updates of events on www.unicat.tu-berlin.de

Lecturer: **Prof. Melanie S. Sanford**, *Moses Gomberg Collegiate Professor of Chemistry and Arthur F. Thurnau Professor of Chemistry, Department of Chemistry, University of Michigan, Ann Arbor, USA*

Title: **Synergy Between New Catalyst Development and Reaction Mechanism**

Abstract: This presentation will discuss mechanistically driven efforts to discover new catalysts for important transformations. Several case studies will be discussed. These include the development of tandem catalytic procedures for C1-conversion chemistry as well as the development of transition metal catalysts supported in metal organic frameworks.

Find more about Prof. **Sanford** on:
<http://www.umich.edu/~mssgroup/index.html>

Date: **Wednesday, July 17th, 2013**

Time: **5:15 pm**

Location: **TU Berlin
Department of Chemistry
Straße des 17. Juni 115
10623 Berlin
Building C
Lecture Hall C 264**

Organiser: **Prof. Helmut Schwarz (TUB) and
Prof. Martin Oestreich (TUB)**

Coffee and tea will be served thirty minutes prior to the lecture start.
Guests are cordially invited to attend!

Prof. Dr. Matthias Driess, Chair of the Cluster of Excellence UniCat
